

Build with someone who knows Beaufort: CHANDLER TRASK CONSTRUCTION

Beaufort native Chandler Trask specializes in building custom homes and remodeling existing ones in Northern Beaufort County.

He started building homes in the early 1990s and later created Chandler Trask Construction. He originally worked as a real estate appraiser and owned his own company, Trask Appraisal. While working as a real estate appraiser he was able to see all types of construction up close — from the good to the not-so-good.

Says Chandler, “I started building spec homes at first and found that I really love building. It was fun to see a project come together and it’s a wonderful feeling of accomplishment to provide someone with a home they love.”

His work philosophy is simple. “The way I see it, it’s their house, they are the customer,” Chandler says. “My job is

Chandler and Amy Trask

to give them the house they’ve always dreamed of, on time and within their budget. I am so proud of the work I have done and it makes me feel really good to see them enjoying their new home. My wife Amy and I recently attended an open house at a home I built and I just loved to

see how excited they were to entertain and show off their new place. That’s why I do what I do.”

Both Amy and Chandler are big fans of Beaufort. “I can’t really imagine living anywhere else,” says Chandler. “Fishing and boating are a huge part of my life. Just the natural beauty that you see even driving around town between job sites is enough to take your breath away. When I get busy I have to remind myself how lucky I am to live here, especially when I’m waiting for the bridge!”

Chandler grew up watching his dad do construction. His father developed the Plaza Shopping center (on the corner of Boundary and Robert Smalls Parkway) and started the Plaza Theater, which the family still runs today.

When it comes to his business, Chandler says, “Well, I’m a one man show

so I’m in charge of everything. That helps me give my customers a personal touch (and keep costs down). If they hire me to build their house, they’re going to deal with me and only me. I will be on the job site every day. I encourage my clients to call me on my cell at anytime. I love that personal connection. One of the things my past clients say about me is how easy I am to work with. I want them to be happy because, for most of my clients, this house is something they’ve been dreaming about for many years. I want the house and the whole building experience to exceed their expectations, and it usually does!”

If you want to build your dream house or remodel your present one, you can get in touch with Chandler at 843-321-9625, or you can go to his website at chandlertraskconstruction.com or email chandlertraskconstruction@gmail.com.
